Shaun Elliott 0418 744 835

Preface

Keith has been keeping and racing pigeons for over 70 years, starting out at Wynnum before moving to Mt Gravatt after he was married.

Keith's birds are all the old Brisbane bloodlines, containing a lot of the old Bricoux birds from Tommy Bell. Tommy obtained the Bricoux's from George Cathcart who also gave the same Bricoux's to a young Craig Porter to get him started in the sport. Craig was also very successful with a big black Bricoux hen that flew Windorah and was given to him by Tommy Bell. That hen can be found in the background of many of his good winners to this day.

The other line of pigeons in Keith's family are the well-known Balfe's that he obtained from Lou Cooper. No other line of pigeons were ever introduced by Keith and certainly none of the imported lines.

Unfortunately very little detailed information is available on the breeding of these birds.

At the time of printing the sex of the birds is believed to be correct but cannot be guaranteed.

No birds have left the loft since Keith passed away and his family thank you for attending his dispersal sale and wish everyone who purchases these birds the best of luck.

Contents
