Preface

After 70 years of keeping racing pigeons, Steve French has been forced to sell all his pigeons due to ill health. All stock were successfully breeding during last season but no guarantees can be given once the birds leave the loft.

Steve began racing pigeons in 1947 and enjoyed many successful years at all levels of the sport, from club racing to Section and Open Federation both in Toowoomba and Brisbane. He has won short, middle and long distance events, with recent QRPF Open Fed winners from Gladstone and Goondiwindi.

Other top performance include 1st Open Fed Roma in 1957, 2nd Open Fed and all pools in 1956 (second year racing in Brisbane). 7th Open Fed Longreach, only 9 clocks tabled and Steve was the only flyer to have two birds home, second bird winning all pools. This was flying against likes of Herb Knoblaugh.

There will be no reserve on the birds and all must be sold. No birds have left the yard prior to sale and none will be sold prior to the auction. These birds would be of benefit to any loft.
